INTELLIGENT FIRE

ASTRO

THE NEW ELECTRIC FIREPLACE

FOUR UNIVERSAL LENGTHS

Astro electric fireplace offers four standard sizes, providing maximum freedom in creating the perfect fire for your space.

	viewing width	viewing height	viewing depth
Astro 850	838 mm	477 mm	150 mm
Astro 1200	1219 mm	477 mm	150 mm
Astro 1500	1524 mm	477 mm	150 mm
Astro 1800	1829 mm	477 mm	150 mm

MULTIZONE COLORFLOW

The Multizone Colorflow let's you give Astro your own look. There are **three lighting zones**, each with individual colour settings.

FLAME HUE

Natural amber colour? Or maybe vivid turquoise? Set your favourite colour of the flame and make it look like never before.

DOWNLIGHT LOGS ILLUMINATION

The LED panels installed above the furnace illuminating the logs.

GLOWING FLOOR

The colourful floor with glowing effect. To give it more depth we decorated Astro with translucent crystals that vividly flicker and catch the same colour as the floor.

REFLEX TECHNOLOGY

a system of prisms and LED lights that provides more visual depth than a regular 2-dimensional fireplace. The warm-coloured mirror installed on the back wall enlarges the flame giving you a more natural experience.

HEATFLOW SYSTEM

Astro not only decorates but also warms up your home. Take advantage of the 2-stage heater to enjoy cosy winter evenings. Two heating levels: 1500 W and 3000 W

YOU DESIGN!

Enjoy the three-sided panoramic flame or cover the sides of Astro with the included panels. By framing the fire you get three additional arrangement options.

DIFFERENT ARRANGEMENTS

Astro means flexible design. You can fully or partly recess the fireplace, hang it on the wall or simply arrange it as a freestanding fireplace. Use the optional casing to cover the sides and make it blend well with your interior.

INTUITIVE CONTROL

WIRELESS WALL PANEL & REMOTE
